## **1. Policy Overview**

At Fledgelings Day Nursery, we believe that parents and staff need to work together in a close partnership for children to receive quality care and early learning that meets their individual needs.

We welcome parents as partners and support a two-way sharing of information that helps establish trust and understanding. We are committed to supporting parents in an open and sensitive manner, ensuring they are included as an integral part of the care and early learning team within the nursery.

Working together ensures we can meet the individual needs of the family and child and provide the highest quality of care and education.

The key person system supports engagement with all parents, and we use strategies to ensure that all parents can contribute to their child's learning and development. We ask parents to contribute to initial assessments of children's starting points on entry, and they are kept well informed about their children's progress.

The Company is committed to actively involving parents/carers in their child's welfare, learning and development.

All "Manager" responsibilities and actions referred to throughout the policy would usually be undertaken by the most senior person in charge, in the absence of the Nursery Manager.

## **2. Roles and Responsibilities**

### **2.1 The Manager must:**

- 2.1.1** Provide new parents/carers with information about the nursery via the registration pack and signpost them to the company website. Each family must attend their parent/manager meeting at least one week before the child is due to settle.
- 2.1.2** Ensure that company policies and procedures are available and understood by parents/carers.
- 2.1.3** Ensure that parents/carers are aware of systems that allow them to raise queries or register a complaint (see Complaints Policy).
- 2.1.4** Operate a key person system to enable parents to establish a close working relationship with a named practitioner and to support two-way information sharing about each child's individual needs, both in nursery and at home. Parents are given the name of their child's key person and an explanation of their role when the child starts, with updates as they transition through the setting.
- 2.1.5** Provide staff with, and support the completion of, the Child Registration Documents via the child's Family app. These must be completed at the parent/manager meeting, including the start of a critical care plan if required.
- 2.1.6** Ensure the Emergency Contact and Collection Authorisation information is up to date via the Family

app and signed off at the parent/manager meeting before the child start settling or is left at nursery for the first time. This should be updated every six months in line with parent meetings held at the nursery.

**2.1.7** Respect the family's religious and cultural backgrounds and beliefs and accommodate any special requirements wherever possible and practical.

**2.1.8** Inform parents how the nursery supports children with special educational needs and disabilities.

## **2.2 Staff must:**

**2.2.1** Complete the Child All About Me form (Appendix 1) in partnership with parents/carers.

Wherever possible, this must be completed by the child's allocated Key Person.

**2.2.2** Share information with parents/carers about the children's daily routines, the planned activities and the educational programme delivered.

**2.2.3** Share each child's development records and progress with parents/carers and actively encourage their contributions and comments.

**2.2.4** Hold a minimum of two meetings a year with parents/carers to discuss their child's learning and development.

**2.2.5** Provide daily feedback via the Famly app to the parents/carers of children in their care regarding all care routines. Staff may use the messaging app throughout the day or call parents/carers if more detailed information is needed.

**2.2.6** Encourage the involvement of parents/carers during off-site activities, including the completion of all relevant documentation to ensure appropriate permission is obtained.

**2.2.7** Identify opportunities for parents/carers to build on or extend their child's learning at home.

**2.2.8** Encourage parents/carers to share any skills, interests or hobbies that may extend the children's experiences.

**2.2.9** Ensure parents/carers are fully consulted regarding all aspects of the child's care, learning and development, including involving external agencies where needed.

**2.2.10** Ensure that information held on individual children is regularly updated at every parent meeting, if not before.

**2.2.11** Where parents/carers advise staff of changes to information held on individual children, staff must ask them to confirm the changes via the Famly app and update staff via a message.

### 3. Parent Concerns

- 3.1** If any parents of Fledgelings Day Nursery have concerns or issues they wish to raise, they should follow the company's Complaints Procedure.
- 3.2** If a parent calls, emails or uses social media to complain, the specific nursery will direct them to the correct procedure for raising a complaint.
- 3.3** Fledgelings Day Nursery has zero tolerance for abusive calls, emails, inappropriate content on social media or face-to-face confrontation on site (see Social Media Policy).
- 3.4** Fledgelings Day Nursery reserves the right, according to our Terms and Conditions, to terminate a parent's contract with immediate effect if the parent presents any of the above behaviours.

### 4. Procedures

Refer to:

- Inclusion Policy
- Transitions Policy
- Key Person Policy
- Social Media Policy
